Design of furniture is aimed at reducing waste and creating opportunities for longer use and successful reuse of the product afterwards.

The background image shows a modern interior space. On the right, there is a large, white, rectangular structure that appears to be a piece of art or a large display case. On the left, there is a glass display case containing various objects, including a tall, cylindrical, ribbed object and several smaller, round, ribbed objects. The floor is dark and reflective. The overall lighting is soft and even.
